

Designed for Fast Production

The New Terminals ICS4_5 and ICS685

Designed to Fit

Are you looking for a scale terminal that fits into your industrial environment? If so, the new rugged aluminum die-cast indicators are the right choice for you. Benefit from a wide range of applications, various integration options and user-friendly handling.

Highest Performance

Increase your productivity by minimizing overfilling, avoiding underfilling and detecting incorrect parts. The ICS terminals feature high performance weighing technology delivering accurate results fast. Benefit from up to four scale connections extending the capacity range and resulting in more accurate piece counting.

Easy Operation

Weighing, counting or checkweighing are labor-intensive applications. Having various different people involved in a process often leads to mistakes which cost you time and money. The new smart terminals are simple to operate, feature intuitive straight-forward menus, colored display and users can be prompted in various languages.

Broad Connectivity

Profit from fast data handling, efficient printing as well as from various options for seamless integration into existing systems. Manage data in the scale's internal database, comfortably monitor data on a PC or export it with a USB stick.

Speed Up Your Production Processes

The new terminal line: ICS425 – ICS435 – ICS445 – ICS465 and ICS685 offers you seamless integration into your production process as your scale can be individually configured for fast and precise operations – exactly according to your needs.

The terminals feature different applications used in the manufacturing industries:

- Simple weighing
- Counting
- Totalizing
- Checkweighing
- Portioning, filling

Terminals

	ICS425	ICS435	ICS445	ICS465	ICS685
Dimension & Type	248.5x164x78 mm / 9.78x6.46x3.71" Die-cast aluminium				
Display	LCD liquid crystal graphical display with backlighting				color TFT display (320 x 240 pixel) with colorWeight®
Character height	Default layout mode = 20 mm, 3-line info mode = 15 mm				
Languages	English, German, French, Italian, Spanish, Chinese				
Keypad	Tactile-touch membrane keypad (PET), scratch-resistant material				
Numeric keypad	No	Yes	No	Yes	Alphanumeric keypad
Weight	2 kg				
Mains connection	100 – 240 V / 50 – 60 Hz / 300 mA, Power cord approx. 2.5 m				
Optional battery	12 V / 2.5 A 1 strain gauge weighing cell continuous operation ~ 15 h (less with installed options) 4 strain gauge weighing cells continuous operation ~ 12 h (less with installed options) Life time: 500 to 1000 charging/discharging cycles				
Temperature range	Class III -10 – 40 °C / 14 – 104 °F Class II 10 – 30 °C / 50 – 86 °F				
Humidity	Max. rel. humidity 85 % for temperatures up to 40 °C				
Data interfaces	1 x Standard RS232 1 x Optional*				2 x Standard RS232 2 x Optional*
	*Choose from the following interfaces: RS232, RS422/485, USB device/host, Ethernet, WLAN, Digital I/O, digital or analog 2nd scale				
Connectable platforms	1 scale can be connected all analogue & SICS platforms		2 scales can be connected all analog & SICS platforms		4 scales can be connected (maximum 2 analog platforms)
Analog scale connection	Impedance: ≥ 80 Ω (means 1 x 350 Ω; 4 x 350 Ω), Excitation: 3.3 V, Sensitivity: 2 to 3 mV/V Max. Resolution: 7500e (OIML), 300 000d (non approvable), Min. verification interval: 0.5 µV/e				
Approvals	The Weights & Measures data is shown on the display. The display indicates if the system is approved or not. Approvals are: OIML, NTEP, IP65, CE, CSA				
Application/Features	Basic weighing, Average weighing / Date & Time and Printing Counting, Alibi / Transaction Memory, Softkeys and User Prompting Over / Under Checkweighing, Portioning, Totalizing, Statistics, Scale embedded database (up to 100 articles) Filling, Totalizing to a target, User Management, Database (up to 30 000 articles), Configuration & Database Software				
Accessories	Cable with plugs for offered interfaces, Stand (height 330 mm), Wall bracket, Printers (Sprinter; P25; P26), Cover for terminal, Battery charger, Auxiliary display, Relay box Power supply with 9-28V DC
